

Test Verification of Conformity

Verification Number: HZ20191211001-CERT-02A

On the basis of the referenced test report(s), the sample(s) of the below product has been found to comply with the relevant harmonized standard(s) to the directive(s) listed on this verification at the time the tests were carried out.

The manufacturer may indicate compliance to said directive(s) by signing a DoC himself and applying the CE-marking to products identical to the tested sample(s). In addition, the manufacturer shall file and keep the documentation according to the rules of the applicable directive(s) and shall consider changes of the standard(s) if relevant. Additional requirements may be applicable such as additional directives or local laws.

Notice to Authorities:

This verification indicates that a third party Accredited Body has tested and verified that the products listed comply with the relevant harmonized standards to directives listed on this verification. The manufacturer may indicate compliance to said directive by signing a Declaration of Conformity to products identical to the tested samples.

This Verification is for the exclusive use of T-ray's Client and is provided pursuant to the agreement between T-ray and its Client. T-ray's responsibility and liability are limited to the terms and conditions of the agreement. T-ray assumes no liability to any party, other than to the Client in accordance with the agreement, for any loss, expense or damage occasioned by the use of this Verification. Only the Client is authorized to copy or distribute this Verification. Any use of the T-ray name or one of its marks for the sale or advertisement of the tested material, product or service must first be approved in writing by T-ray. The observations and test results referenced from this Verification are relevant only to the sample tested. This Verification by itself does not imply that the material, product, or service is or has ever been under a T-ray certification program.
